# Welcome

As a multi-disciplinary team we take a holistic approach in caring for those over the age of 65yrs who are acutely ill.

On St. Anne's ward, our highly skilled and motivated nursing team works in conjunction with the wider multidisciplinary team to provide quality care to the older population. We strive to promote independence and the best quality of life possible for all of our patients, providing excellent medical and nursing care as well as rehabilitation services. Working on St. Anne's ward provides a great opportunity to gain experience in caring for patients with a wide variety of medical conditions and has always proved very rewarding for our staff.

# Opportunities

- Postgraduate educational support
- Continual professional development
- Self rostering
- Opportunity to attend the HSE Dementia Workshop

# Projects / Research / Lean

- Family Room completed allowing families space and time to digest the possible life changing diagnosis of family members.
- A multidisciplinary project to provide educational sessions to patients and their families regarding the prevention of falls at home following discharge.
