

INTRODUCTION TO HOSPITAL LIFE

Office of Mission Effectiveness

ABOUT

Introduction to Hospital Life (IHL) is a 4-day programme for 4th and 5th year secondary school students at the Mater Misericordiae University Hospital (MMUH).

Hosted by the Office of Mission Effectiveness, this programme aims to provide a well-rounded, stimulating view of hospital life.

Participants will meet with staff across various professional groups, and gain an insight into the diversity of career opportunities in healthcare.

WHAT TO EXPECT

The programme runs Monday – Thursday, from 10:00 – 16:00. Participants will meet with and be supported by a dedicated Programme Coordinator. Participants can expect a mixture of talks from specialist speakers, simulations, skills sessions, and visits to clinical areas.

This programme is well suited to young people who learn through conversation and observation. The programme is facilitated in different departments throughout the hospital.

JULY

OPEN
